VALUES

TRANSPARENCY

CALVIN COIN is decentralized and supported by its community of enthusiasts. We encourage open communication and believe trust, transparency, and community are the 3 pillars to building longevity.

COMMUNITY

Ultimately, CALVIN COIN is owned by the community, meaning we encourage group efforts related to marketing, development, community management and more.

TRUST

In the cryptocurrency market, Trust is paramount. That means not only providing transparency, but also security related to holder funds. Examples include audits of CALVIN COIN'S code, and liquidity tokens being burnt to eliminate risk of malicious behavior.

LONGEVITY

CALVIN COIN'S plans are for long-term development of the ecosystem which result in a fruitful investment beyond any temporary trends.

ECOSYSTEM

CALVIN SWAP

Launching on 2022, CALVIN SWAP will be a decentralized exchange (DEX) where users can swap TRC20, ERC20, BEP20 tokens for TRX, USDT, ETH, BUSD & BNB. The largest and safest DEX in the world and acts as the foundation on which CALVIN COIN will develop functionality for CALVIN COIN holders.

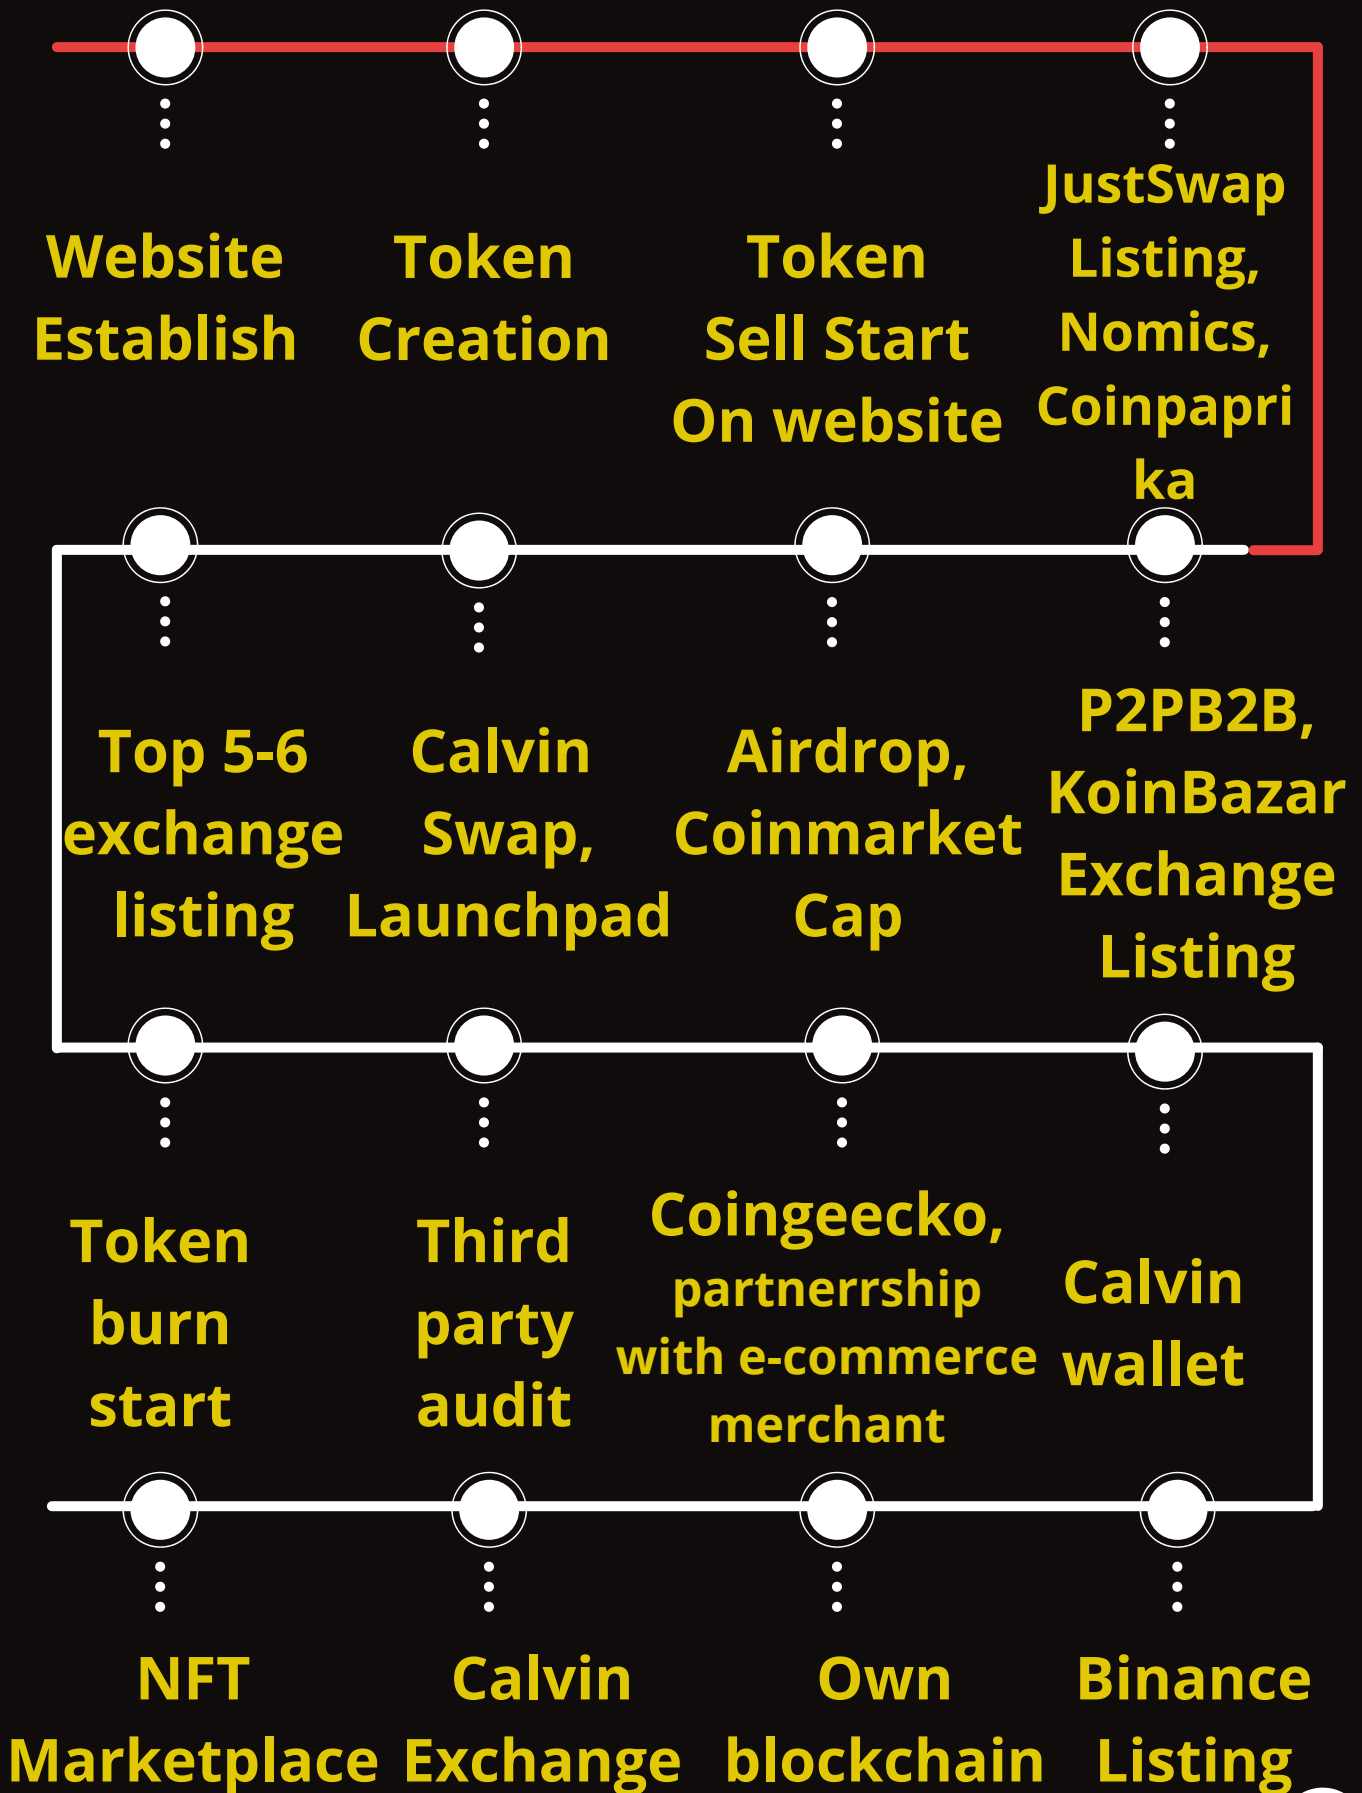

CALVIN STAKE

Coming in 2022, CALVIN wallet and exchange is the official NFT marketplace where holders can Lock (deposit) their \$CALVIN COINS in order to earn exclusive NFTs featured by artists that are part of the CALVIN community. CALVIN will hold regular contests for artists to showcase their work and have the community vote on which should be added to the marketplace. Portions of the fees generated by the NFTs are distributed to the artists, while the rest funds CALVIN will burn and use for development.

COMMUNITY POWERED

CALVIN COIN is fully decentralized and owned by its vibrant community. We welcome and embrace diverse perspectives to build CALVIN COIN into the best community in crypto.
